#### Technical Data:

Drive:	Universal motor with 4 step gears
Power:	1700 Watt
Voltage:	230 V / 50 Hz AC current
Fuse:	10 A (time-lag)
Speed:	up to 385 rpm, infinitely adjustable
Weight:	20 kg with guide handle, without accessories
Ø machine:	400 mm
Ø tool:	400 – 600 mm
Scope of Delivery:	Machine complete, without tool plate.

This easy-to-handle, single disc planing machine can be used and transported by one person without problem.

The **EFS 2000 E4** is used for the most part to plane screed or precast concrete.

However the machine can be used for a variety of tasks simply by attaching different tool plates such as:

grinding plates for paper or carbide grit discs, corundum grinding discs, also various brushes depending on what is required or the composition of the sub-flooring.
